

Global Virtual Classroom Web Contest - Register Today!

The GVC vision is to empower, enable, and connect students around the world using Internet technology.

Teacher and students must be willing to make a serious commitment to collaborating with their partner schools for the duration of the project. Emphasis is on teamwork across cultural and geographic distances, which is much harder than working together in the same room.

Ready for this adventure? Click [HERE](#) to register.

Want more information first? Go to www.virtualclassroom.org and click on the word CONTEST.

If you have questions, contact our program manager, [Janet Barnstable](#)

The GVC is sponsored by [Give Something Back International Foundation](#)

Remove classroom walls to open students to the World!

What is this contest?

In our web contest, three schools are teamed by GVC into a single team. That team works together to create a website about a world issue that they have chosen collaboratively. This is a full year commitment. Schools need strong collaboration skills, as the 3 schools in each team are separated geographically, but need to work together as one.

Who may participate?

Teacher guided Primary (Grades 1-7) and Secondary (Grades 8-12, or equivalent) classes and youth groups around the world that have access to the Internet and who know or can learn to use Google Sites.

Contest Benefits

Why would a teacher and class take on this task?

- Real world experience and audience
- Global collaboration
- Build on each person's and country's strengths
- Learn by teaching each other
- Authentic assessment-rubric provided for guidance
- Weekly updates from GVC manager
